Andrew provides consulting services to leading universities and research institutions.

Professional experience

Representative examples of Andrew's professional experiences include:

Policy Analysis

Andrew supported ethics reform lobbying efforts through his work providing policy analysis for North Carolina Common Cause. Responsibilities included:

- Created, maintained, and evaluated an extensive campaign finance database utilizing Microsoft Excel and JMP
- Provided principals with extensive policy research on existing ethics laws in various states in order to produce realistic policy options that integrated best practices found in other states
- Drafted a memo to members of the North Carolina General Assembly detailing ethics reform and presenting them with the policy options available to improve ethics and transparency in North Carolina

Financial Analysis

Andrew supported Merrill Lynch Global Wealth Management financial advisors in providing financial analysis for clients. Responsibilities included:

- Assisted financial advisors in client portfolio analysis
- Assisted financial advisors in providing financial analysis of blind investment pools
- Created profiles and recommendations of potential mutual fund investment opportunities

Education

- Bachelor of Arts, Public Policy, Duke University, Durham, North Carolina
